Revolution is the unique cycling program exclusive to DAC Southaven. Our unique program combines various cycling instructors and formats, to give you a paramount workout with awesome calorie burning and supreme cardiovascular training. Each instructor brings his or her unique style of cycling, which promises to provide variety and diversity to your cycling workout. Some classes provide a more traditional type riding style that directly mimics outdoor riding, while other classes seek to provide a more "club" type atmosphere with choreographed moves and dance club type songs. Whatever your preference, we have just what you need. In addition, we use our exclusive training program MYZONE to enhance and compliment each workout. Here is a list of each class style. We invite you to check our schedule to fine the style and class that best fits your individual workout need. In addition, as there is a limited space in each class, we encourage you to use the DAC app to reserve a bike 1 hour.

Zen Revolution: Zen Revolution offers a traditional type cycling class that seeks to directly mimic outdoor riding. In each class you will encounter a particular "ride". These rides can include a "Tour De France" type ride, a "Strength" type ride, or an "endurance" type ride, just to name a few. In this class you are encouraged to visualize your ride and become one with the bike. This class has more of a "Zen" type feel and the music is more for background to enhance the ride experience. If you are an outdoor rider or want to experience more of an outdoor type ride, this is the class for you. This class does not use the "club style" lighting, but seeks to provide a more tranquil atmosphere with only dim background lights.

Divine Revolution: Divine Revolution is more of a traditional type cycling class. Each class is structured to work the heart in three energy zones: endurance, strength, and interval. Each class has a particular goal and purpose and seeks to help each person accomplish these goals. This class has a "divine" atmosphere, and the music in this class is more for background to enhance the ride experience. This class is excellent if you enjoy outdoor riding or would like this type of cycling experience. This class does use lights and seeks to provide the most enjoyable and purposeful ride possible.

Beat Revolution: Beat Revolution seeks to combine the traditional type cycling class with more of a club type atmosphere. Beat Revolution combines the basic principles of Spin, with recognizable, upbeat songs and music. The class uses the "club style" lights to make the ride more enjoyable. This class is excellent if you want more of a "club" style atmosphere along with your riding experience.

Club Revolution: Club Revolution is a nontraditional type cycling class that seeks to combine various cycling styles, with club style music. Club Revolution uses a variety of cycling styles from some of the more popular cycling programs and studios. This class has songs which are choreographed to music that is recognizable and has high energy. It provides a "club" type atmosphere using the lights and music to enhance the ride experience. This class is excellent if you want a more "club" style experience for your cycling workout.
